

## PFC Hydraulic System - Hydraulic Block, Summary of Components

### CQ283097-UN: Hydraulic block (priority 2 and 3)

#### LEGEND:

- C - Control block
- D - O-ring (6 used)
- J - Priority 3 control block
- K - O-ring (4 used)
- L - Hitch valve
- M - SCV at position 2
- N - SCV at position 1
- O - Left endplate
- P - Spacer housing [without hitch valve]
- R - SCV at position 3
- T - Endplate

#### References - component information

For the priority 3 control block (J), see “ [PFC Hydraulic System - Priority 3 Control Block, Component Information](#) ”.

For the hitch valve (L), see “ [Hitch - Summary of References](#) ” in Section 270.

For the SCVs (M, N), see “ [Selective Control Valves \(SCV\) - Summary of References](#) ” in Section 270.
